

Baby “Memmykins” Mission

Give Hope !

Student Council will be holding Jar Wars this month of April. Each class will have a jar set out in the hallway where the students can fill their jars with their offering. The battle of the spare change begins Friday, April 6th and will end Monday, April 23rd. The money collected will go to the Riley Children’s Foundation to raise awareness and support children with congenital heart defects. The Riley Heart Center covers all areas of clinical care. Congenital heart defects are among the most common birth defects and Riley Hospital offers expertise in clinical and surgical care, as well as research.

Emily Swygart, the daughter of Arica and Allen, was recently diagnosed with a rare heart condition called Shone’s Complex. It’s made up of 6 different areas that can be affected. Emily has 2 of the 6 (aortic stenosis and mitral stenosis).

Every penny makes a difference! Please keep Emily and her family in your prayers.
