None in May

Classroom News

Dear Families,

We continue to wait eagerly for our butterflies to emerge. This week in Math, we will continue learning about Geometry. In Language Arts, we will begin learning about words with the sounds: -c as in city, and -g as in cage. We will also be reviewing all of this year's spelling words.

In Religion, we will continue learning about the events that took place after the resurrection. We will also be learning how to pray the Divine Mercy Chaplet. In Health, we will be talking about how to work in a group with others. In Social Studies, we will be learning about goods and services. In Science, we will continue our study of life cycles.

This month, we will be learning about the virtue of **diligence**: doing your best and working hard until your finished.

Last week they really enjoyed: Visiting the GPL, walking a block around town to study buildings, and acting out bible stories.

Reminders/Updates: *Please return library books each Wednesday.
*Bring a packed lunch on Thursday for our Field Trip.

***Mission Statement:** Children following God in Faith, Respect, Knowledge, and Service
