## What a difference a year makes!

Since July 2016, Women's Care Center of Northeast Indiana has served **520 women and counting** from 12 counties in three states. In fact, we are now seeing **one in four pregnancies in Steuben and DeKalb counties.**

That's more than:

- 1,600 counseling sessions
- 330 positive pregnancy tests
- 575 ultrasounds
- 8,200 diapers, books, car seats, pack-n-plays, clothes, etc.

Changing family trees and giving women hope when they thought all hope was lost—this is why we are here. The loving support families receive through on-going parenting classes and goal-setting sessions creates a new community for moms to welcome their little ones.

You can be a part of this community of love!
