Dear Parents,

The teachers are planning on receiving approval from the diocese and state of Indiana to take part in e-learning again this year. It is important that EACH one of your children's teachers has the following information. **Please fill out a form for EACH one of your children.**

1. In the event that school is cancelled, where will your child spend the day? For example, will he/she be at your home, at a grandparent's house, daycare facility, babysitter, or other?
2. In the event that school is cancelled, will your child have access to the internet at the above location? Yes No
3. If your child will have access to internet, will they have access in the evening, when you get home from work or during the day? Will there be someone there to help them?
4. What type of device will your child be using the internet on? Ex. A phone, a laptop, etc.
5. How many children or adults at this location will need to access the internet on the device(s) listed above in order to complete their school work or work from home?
6. Your child's classroom teacher will be sending directions via e-mail to an adult on e-learning days. Please list the adults e-mail address you wish e-learning assignments to be sent to: (We cannot send e-mail directly to students.)
7. Do you have a working printer at home that could be used for e-learning?
8. If you do not have internet on a device, other than a phone, we would prefer you let us know. We will then e-mail you different assignments that do not require as much use of the internet yet allows your child a similar learning experience. Will your child need this accommodation?
9. Please list phone numbers where you can be reached as a phone number for the person providing for your child.
